

Everett, Miss Ethel

W— N. Y. Times

May 30th, 1920

Miss Ethel W. Everett  
New York TIMES, N.Y.

Dear Miss Everett:

I have not forgotten about the photograph of the coins you wanted and I shall try to have it in your hands early next week. We are shorthanded just at present and there is a little greater pressure than usual. I am sorry not to be able to send you the photograph instead of a weak apology.

Very sincerely yours,

Secretary

SPH/VIE

**TIMES SQUARE, NEW YORK.**

Dear Mr. Hoe:

I really wanted to hold this back for  
magazine department  
a Sunday/story, but they "put it in" - I would  
like the photos , however, for my own pleasure --  
or molds of the special ones I liked best !!!

Sincerely,

*W. Walton Everett*

June 1st, 1920

Miss F. Walton Everett  
New York TIMES  
New York City

Dear Miss Everett:

Thank you for the extract from the Sunday Times. I think it is bound to do our Society a very considerable service and I am very much pleased. Your article is free from errors, except one or two which would be understood in the light of your intention by anyone capable of criticizing the article.

I shall send you the casts in a day or so. I take it that you would prefer them to the photographs.

Perhaps some time later you may want to try to do something in connection with the Greek coins alone or some other field of our work. If so, I shall be only too happy to be of such service as I may.

Again thanking you for your interest, I am  
Very sincerely yours,

June 3rd, 1920

Miss E. Walton Everett  
New York TIMES  
New York City

Dear Miss Everett:

I am enclosing, herewith, the casts of the Greek coins which you desired. I hope they will reach you in good condition, and that I have included all those you wanted.

Very sincerely yours,

Secretary

SPH/VIE

February 3, 1921.

My dear Mr. Hoe:

I have been so very busy that I have not been able to get in to see you, although I had hoped to do so, some time ago. I note that on the 7th there will be a lecture by Prof. David Eugene Smith, LL.D. on the use of counters or jetons in computation and understand the lecturer will also deal with mathematical medals. Could you let me have a typewritten copy of this lecture or an abstract of same, as I believe I could make use of it - or, at least part of it, in the TIMES? It would be difficult for me to attend the meeting, but, I think the typed copy would serve almost as well.

If you would like to send this to me, at my home address, 53 St. Nicholas Place, City, I would give all the proper share of fame to Prof. Smith, the Society, etc. If, as Secretary of the Society, you would add a paragraph which I could use in prefacing the story, I would be more than pleased.

Sincerely and cordially yours,

(Miss) T. W. Everett

Miss E. W. Everett  
53 St. Nicholas Place  
New York City

Dear Miss Everett:

In response to your letter of February 3rd, it was not possible for me to send you information regarding Dr. Smith's lecture. There are, however, one - or rather two - matters which I believe will be of interest to you. One, the announcement of an important exhibition which we are to open shortly; and the second of quite a different nature.

If you could telephone me making an appointment for tomorrow, or Friday, afternoon, I would be very glad to place the information we have in your hands.

Trusting we may have the pleasure of a call from you, I am

Very truly yours,

SPH/T

Secretary

February 17, 1921

Miss E. W. Everett  
138 West 77th Street  
New York City

Dear Miss Everett:

Thank you for the clipping regarding  
Mrs. Sheridan's art work. Your final para-  
graph, despite my request that you do not  
quote me, almost got me into serious diffi-  
culty. Under the circumstances, I think we  
will not go further with the Coin Board's ar-  
ticle.

Yours truly,

Secretary

January 7, 1921.

Dear Mr. Rusch:

I heard somewhere that the new peace dollar may be withdrawn - that is the first lot issued - for the following reasons -- that there is a dent in the lady's cheek - that the E and E of LIBERTY are imperfect and that the second L of dollar is ditto - also I hear from another quarter that the new dollars won't stack up well - only so high and then the stack topples.

Will you please be so kind as to write me a few little particulars about the new coin - opinion of experts from an art and coin standpoint, as well as any personal opinions that yourself or anyone up there would like to offer. You will be exactly quoted, if you like, and proper credit given to you or anyone else up there as members of the society or officers thereof! Please, if you quote, give me the exact names and titles - as I fear I have lost this data.

Wishing you the best for 1922, I am,

Yours sincerely,

*Walter Everett*
